

This comment is in regards to KLOVE Radio. KLOVE serves me as a citizen, by keeping me informed of local activities and public events in my community. Furthermore if KLOVE was displaced by a LPFM broadcaster, the effect would be devastating to the local charities and the God inspired message that KLOVE is sending out. Lastly I believe KLOVE is doing a noble service to our citizens and stands for what is pure, clean, honest, and moral, traits that are often lacking in todays secular radio. Thanks,
David Martin
